Dear Tom:

I've been meaning to write this letter for some time but for one reason or another haven't gotten around to it.

I want to express my appreciation for the fine job you and your crew (particularly Steve, Todd and CC) did painting our house this summer. It looks beautiful. More than that, however, as you know, I am a serious gardener and am devoted to the plants and shrubs around our house. I was concerned that many would not survive the painting. The men were aware of my concerns and were extremely careful with the plants. In addition to doing a fine job painting the house (which is not easy – the third floor shingles and trim are high up and difficult to get at), the men were invariably pleasant, polite, thoughtful and conscientious.

Thanks for a great job and a positive experience.

Sincerely yours,

Adele Geffen Eil
