Dear Tom,

I want to thank you for the work you did on my property. I've owned this monster of a house for 42 years and the best decision I've made about it was to choose you to renovate it.

You took a house that was really an eye sore in a beautiful neighborhood and turned it into a gem. The painting and carpentry were well beyond my expectations. Your crew was as cooperative as anyone could ask for. They were attentive to detail and never once refused the many requests I made. Even the nightly cleanups were beyond reproach.

I've received many compliments from neighbors and from people I did not know who were simply passing by.

Again, I thank you for a job well done and I wish you the best.

Sincerely,
